XWH-ICE50

ROADRUNNER ICE MELT
ALWAYS HAS THE ADVANTAGE

- Contains 85% rock salt, 10% calcium chloride and 5% magnesium chloride – the fastest dry de-icer in the market
- Begins melting immediately upon impact
- Effectively melts ice down to -15° F
- Needs fewer applications than rock salt
- Safe on streets, driveways, sidewalks, steps and the environment
- Doesn't track, is odorless and colorless
- **Not recommended for precast concrete or masonry steps**
- **50lb box**
